

## PRESIDENT RECEIVES CONVENTION IN EXECUTIVE OFFICE

**National-Race Congress Lays-Racial Conditions Before Nation's Chief, Then Interviews Director Gen. McCaughan On Railroad Conditions. Asks Representation On Peace Commission.**

Washington, D. C.—The National Race Congress which met in Washington October 1, 2, & 3, held yesterday its annual meeting ever held in its history and the largest delegation took part. The sessions were held in the Metro Hotel, Washington, D. C., and were presided over by President W. H. Jernigan.

The following officers were elected: Rev. W. H. Jernigan, D. D., president; Dr. W. E. Burghardt, Jr., vice-president; Dr. C. H. Steptoe, Baltimore, Md., secretary-treasurer; Rev. J. H. Randolph, Washington, D. C., recorder; Mrs. Rev. A. A. Graham, Phoenix, Ariz., corresponding and financial secretary; W. H. Dean, Washington, D. C., treasurer; Dr. A. C. Jackson, White Haven, Ill., Harrison, Chicago, national organizer; H. J. Calis, chairman executive board.

There were a number of things accomplished during the four days of racial battles—President Wilson received the whole convention in the executive office, and the race conditions in the South were laid before him. The last session was held with Director General William G. McAdoo, and he was told by representatives of the race the treatment of Negroes in the South and of the country as railroadmen. It was decided to send a representative to France to study the morale of Negro soldiers, and they were going to meet with the French government on the peace commission, and we will be sent to the commission wherever it meets.

Four strong addresses were delivered during the week, and Judge William H. Harlan, presented the case of the Whole race to the President in a manner which convinced the President that he had at last the right man to speak to him. He was also present to meet with the delegation.

Emmett J. Scott, special assistant to Secretary Baker of the War Department, and the Negroes who were brought before the Congress gave valuable information concerning the Negro in the war. He said that all Negroes in the military service of the country and 1,200 commanding officers.

Delegation of the Whole Race

The delegation was led by Rev. W. H. Jernigan, Dr. W. E. Burghardt, Jr., Dr. C. H. Steptoe and Dr. J. N. Head, Washington, D. C., Vice President, into the White House. Promptly at 10 o'clock the Secretary, Mr. Tammey, advised the delegation that the President was ready for the reception, whereupon the delegation walked in and stood in a circle about the President's desk. The President, Mr. Woodrow Wilson, was introduced to the group by Dr. J. Scott, who said, "This delegation is from the National Race Congress, III, was introduced to the President by Rev. W. H. Jernigan as spokesman. Judge Harlan gave the President a report on the race situation, and this granted, Rev. J. C. Austin, D. D., Pittsburg, Pa., breathes a word of fervent prayer." Judge Harlan then stated emphatically that he had been born in the Negro in the President's language chaste, kind, sympathetic, positive, forceful, and wise. As such, Dr. Pittsburg, Pa., has helped to bring the many discriminations against his race before the Nation and appealing to the Christian virtues of the President of the Nation, prayed that the President would accept the delegation as a "courage of responsibility that the race was with him to win the war." The President said, "I am doing any thing I can do to help the Negro in spirit and democracy in person, operation and effect. The President moved to touch on the Judge placed him in the chair, and the delegation was seated. The President, after the delegation had interpreted his spirit and said that he would do everything in his power to help the Negro, had a movement in force Negro women in work on cotton plantations in that state, and Negro men in the same field, so a conference was held in a Georgia town against Negro women of compulsory work laws. The association has taken on the defense of our young people and lower the morale of both the colored and the colored.

This species of practices against race and color, sometimes, may not affect us, but it may into the Army and Navy, and the Negroes have given their entire existence to the fight against the Negro, and we protest against any discrimination in the military service of the Negro.

Our own black men have given their entire existence to the fight against the Negro, and we protest against any discrimination in the military service of the Negro.

We ask a fair trial in all branches of the military service.

Mr. President, we seek just an impartial dealing from the officials of our government; we believe you to be a man of great integrity, and we hope that our Nation at such a time as this, and we beg you to give to the protection we are fighting hard to win now, offer to other.

Prayer on Completion of Work

The National Association for the Advancement of Colored People makes public, the following telegram to President Wilson: "We are deeply gratified by your acceptance of the application of campagna's work laws to women. The association has taken on the defense of our young people and lower the morale of both the colored and the colored.

Finally, Mr. President, we wish to assure you that the Negroes in the movement and in the activities and meetings are becoming more and more active and determined to win the freedom they desire.

**SPECIAL NOTICE**—Owing to the increasing number of the Army requiring additional time for press work, all advertisements, Church and One-Page news, and "Want Ads" must be in the office before Wednesdays day each week.

## JEFFERSON CITY BREEZES

By Rev. Earl J. Dodson  
We have been recently appointed

to the St. Louis Argus Publishing Co. to correspondents from this city, and all the citizens of the town with many of the Army. You will find us in the office before Wednesdays day each week.

Keep you best informed concerning what we are doing in the trench "over there." After spending a day's toll you will spend a quiet evening, perusing the news paper, and reading the latest news.

Or the latest news from the front, and the remains of the battle front.

The Lincoln Institute under the new President, Dr. C. Richardson, has now assumed charge of the public schools of the city and elsewhere, that they are now prepared to offer a complete business course to everyone who wishes to take advantage of the opportunities offered.

At the present time, the Lincoln Institute Farm, we are reliably informed, has for the first time placed an ad under the supervision of school proper.

After the first hundred and fifty students and the campus and dormitories are

now in the hum of musical cadence, charge the morning napkins and

the day's work, the students are

## DEMOCRACY

**A Democracy is Founded Upon Equal Rights, Equal Duties and Equal Responsibilities For All Citizens.**

## COURAGE VS COWARDICE

We are pleased to see the day fast approaching when men who are really weaklings are being relegated to the "brush heaps" thus to die the death of a fool. To-day like the day of Lincoln, "You cannot fool all of the people all of the time." The great issues of to-day are trying men's souls. The great questions that are born as a result of this present war are really testing men who hold high offices; men who hold positions of honor and trust. Only those who are strong and courageous will be able to stand. Of course, there are men who hold high offices who are merely "getting by." They have no courage or backbone. They ride into office on the backs of the ignorances of their fellowmen. They never contribute anything for the betterment of mankind.

This nation has seen only a few great crisis. Hence we have only a few great men. But the shining lights of the nation of to-day, as well as in the past, are the men who have stood for the cause of human rights; men who would rather do the right thing than be president; men who have their own convictions and who are not cowards.

## Governor Cox of Ohio

We are pleased to note that here and there one of the true Americans, one of the shining lights of the Nation, one of the pathfinders of true democracy like Governor Cox of Ohio who had the courage of his conviction, sees in the strength of right and justice and "kicked" that infamous film, "The Birth of a Nation" out of the state of Ohio. All hail a man like Gov. Cox. His acts may not receive the approval of the "howling mob" nor the enemies of true democracy but all men who are in favor of right and justice to all regardless of race or creed will honor him and remember him. We are reminded of the courageous deed of the governor of Kentucky, who defied a coward mob which was clamoring for the life of a Negro, and declared, "If any one is to be lynched here to-day, it will be me." God give us more such men in crucial hours.

The "Birth of a Nation" has been banned from other cities and states by acts of legislature, police officers and otherwise. But to our shame the legislature, the police, the governor nor the mayors of our state (Mo.) have had the courage or the backbone to assert their power and stop that nefarious film.

If the picture is destroying the morale of the colored people of Ohio it surely affected the morale of the Negro in Missouri and more than that, it is a maker of mischief—a disturber of peace—wickedly designed and worse than German propaganda.

## Y. M. C. A. FINDING MEN

The work of the local branch Y. M. C. A. has had a signal effect upon lives of the people of this community. The people are beginning to fully realize the service rendered, and the benefits to be derived by such an institution. While the workers are rejoicing at the near completion of the new building (The Pine Street Branch) which construction in its self, is only a means to an end. But the most inspiring feature of the work in securing the building, is the finding of men. Men, who only a short time ago had not discovered themselves. As one man said, "It is wonderful to see men forget themselves and enter the work in the real Y. M. C. A. spirit." This spirit has lightened the task, and the leaders are to be congratulated upon the great work of the organization.

The Y. M. C. A. offers a splendid opportunity for service; service to one's fellowmen, service to our God. The men and women who are rendering service, are helping themselves. Your time and your money are the best you have. Let's give more of both; it will help us find ourselves.
